Summer vacation has turned the hostel into their home, when room mates become siblings and superintendent and assistant superintendent play the role of mother and aunty. During this period they feel absolutely free and come very close to one another through sharing , playing together, quarreling which make the days joyful .

Teachers are coming to the hostel 6 days a week in turn on roaster duty in the morning for two to three hours. So a routine is maintained for them covering all the activities like prayer, study , yoga etc.

In the 2025-26 session , our 6 girls had appeared in the school final examination. We are glad to inform you that inspite of the deprivations and adverse circumstances of their lives they have done well in the High school examination. A lot of credit obviously goes to our teachers.

. Lastly I must say , we in the management, owe our sincerest gratitude to all our patrons, well wishers, sponsors and friends , who unhesitatingly have always stood beside us. The consistent support which we have been receiving since the inception of the school is priceless and have made it possible for us and the children to reach the goal.
